DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-8 are rejected under 35 U.S.C. 102(b) as being anticipated by Baca et al (US 5,898,593).

Baca et al disclose an automated data storage library with movable column for selective import/export of portable magazines. Portable magazines 10 and 11 which may be two of a stack of magazines, are supported on an elevator 14. Each magazine 10 and 11, includes a plurality of storage cells 17 for holding portable data storage media 18. Example of the portable data media is optical disk (col. 3, lines 16-34, Figs 1 and 2).

With respect to claims 2 and 3, see col. 4, lines 60-63.

With respect to claim 8, see col. 4, lines 45-51.

Allowable Subject Matter

Claims 9-25 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
